

St. Anne & St. Jude Catholic School

Middle School Social Studies

Summer List

We will start the school year studying geography and cartography.

- All students in grades 5, 6, 7, 8 should be familiar with basic geography and cartography terms.
- Rising 5th grade students should be familiar with maps of the 50 United States, the 50 state capitals, and major United States Cities. You should also know the continents and oceans of the world.
- Rising grades 6th, 7th, and 8th should be familiar with map of the 50 United States, the 50 state capitals, and major United States Cities. You should also know the continents, countries of the world, and major cities of the world.
- Rising 8th grade students will also study the geography of South Carolina.
